FORWARD

JCFA is committed to working with students and their support systems to fulfill each of their goals. The procedures and policies in this pamphlet are designed to create an atmosphere conducive to students being and becoming the very best they can be.

MISSION STATEMENT & ORGANIZATION PURPOSE

JCFA's mission is to provide a learning environment that allows students to develop their potential; to prepare students for post-secondary education and/or the work force; and to collaborate with community agencies, organizations, and institutions to meet students' needs.

JCFA re-engages and re-connects students who have been unsuccessful in the traditional school system, increases the number of high school graduates, and guides students to post-secondary training, education, and workforce opportunities.

The academic philosophy of JCFA is:

- All students, especially at-risk students, are capable of excelling academically when given the supportive services they need to focus on their academic goals;
- Academic success should not be limited to what is taught in a classroom, but must encourage and include life experiences as well as hands-on learning to help develop the whole student;
- Relevance and rigor must exist in practice as well as in policy and should include academic ideas as well as personnel practices;
- Education is not a point in time but a continued journey that requires access, support, and commitment; and
- Focus on individual needs and create success one student at a time.

STUDENT CREATED MISSION STATEMENT

JCFA's inaugural class created the following mission statement: JCFA's mission is to provide students an alternative path to earning a high school diploma in a safe and nurturing environment.

BELIEFS

The faculty and staff of JCFA believe they must:

- Provide an atmosphere of knowledge in which students become self-learners and independent thinkers in order to become productive citizens.
- Assist students in acquiring a thorough knowledge of the basic educational skills.
- Help students develop a sense of self-discipline, respect, honesty, and integrity.
- Provide a socio-educational environment wherein students learn to work with others in the classroom, at school functions, or on a team, as well as to participate in activities especially planned to promote desirable social development.
- Help students develop an ability to communicate clearly and correctly.
- Develop a respect for work, for skill in performance, and for the ability to carry a task through to completion.
- Develop the principles of tolerance and understanding.
- Encourage an inclusive and cooperative environment that promotes excellence.

NON-DISCRIMINATION ASSURANCE

Services are provided and admissions/referrals are made without regard to race, color, religious creed, ancestry, gender, sexual orientation, disability, age, or national origin.

It is the policy of JCFA not to discriminate on the basis of race, color, national origin, age, religion, gender, sexual orientation or disability in the educational programs or activities which it operates as required by Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990.

NEW STUDENT REVIEWS

It is the policy of JCFA to prepare students for post-secondary education and the workforce. In order to better prepare students for transitions following high school, all new students will participate in 15- and 30-day reviews with the Chief Academic Officer or his/her designee. During these reviews, a student's course progress, attendance, work ethic rubrics, and discipline may be reviewed.

The purpose of these meetings is to provide students with the necessary guidance to be successful at JCFA. If it is determined that a student is failing to meet the expectations set forth by JCFA, a Performance Improvement Plan (PIP) may be designed for the student. Failure to comply with the PIP may result in removal from the program.

VISITORS ON CAMPUS

All visitors MUST document their presence on campus through presenting photo identification and signing in with the Attendance & Office Manager or front desk designee. Visitors must also sign-out at time of departure with the Attendance & Office Manager or front desk designee. The time of arrival and time of departure must be noted.

In the interest of Safe and Drug-Free Schools, the Jefferson Chamber Foundation Academy endorses the following policy: BY ENTERING SCHOOL PROPERTY, THE PERSON IN CHARGE OF ANY VEHICLE CONSENTS TO A SEARCH OF THE ENTIRE VEHICLE AND ITS CONTENTS, WITH CAUSE, BY SCHOOL OFFICIALS OR POLICE OFFICERS. This policy applies to students, visitors, and all school staff at any time, day or night. Visitors entering JCFA campus property consent to a possible search of both person and property. This procedure may be instituted to help assure the safety of the student and employees of Jefferson Chamber Foundation Academy.

FAMILY MEETINGS

JCFA-East will hold regular Family Meetings with the entire campus population. These assembly times will allow for announcements, updates, celebrations, and PBIS acknowledgments.

ATTENDANCE & SIGNING-IN/SIGNING-OUT

Students should be in attendance a minimum of 90% of the days in session per month. Once a student's attendance falls below 90%, the attendance file will be reviewed and the student may be placed on a Performance Improvement Plan (PIP) and/or may be removed from the program.

Except in the case of extenuating circumstances, as determined by the Chief Academic Officer or his/her designee, students may only miss a maximum of five consecutive days per semester.

COMPULSORY SCHOOL ATTENDANCE/DUTY OF PARENT-LEGAL GUARDIAN

In compliance with the Louisiana Revised Statute 17:221, the policy of JCFA requires that every parent/legal guardian, having control or charge of any child from that child's seventh (7) birthday until his/her eighteenth (18) birthday, shall send such child to a public or private day school, or have him/her enrolled in an approved home study program, unless the child graduates from high school prior to his/her eighteenth (18) birthday. Every parent/legal guardian responsible for sending a child to a public or private day school under provisions of this section shall also assure the attendance of such child in regularly assigned classes during regular school hours established by JCFA.

ATTENDANCE PROCEDURES

Students MUST enter through JCFA's designated front door and MAY NOT arrive to the property before 8:00am if participating in morning banking. Students not participating in morning banking may arrive no earlier than 8:45am. Students who report to campus before 8:45am must immediately report to the designated morning banking room, login to Edgenuity, and begin work. Attendance will be taken at the beginning of each class period. Students arriving after the start of 1st period MUST check-in with the Attendance & Office Manager before going to class. The office will call to verify each absence. All students MUST have at least three alternative contact numbers where a parent/guardian can be reached during the school day.

SIGN-IN AND SIGN-OUT PROCEDURES

All students must remain on campus once arriving unless released by proper school procedure outlined below. Students who leave campus without permission and/or without following the proper procedure may face disciplinary action by the CAO or his/her designated representative. Students who choose to leave campus without following proper procedure, then return to campus will be searched.

If a student age 18 years and older must leave campus prior to the designated end of the school day, for any reason, he/she shall sign out with the Attendance & Officer Manager or front desk designee before leaving campus.

If a student under the age of 18 must leave campus prior to the designated end of the school day, for any reason, he/she shall be signed out with the Attendance & Officer Manager or front desk designee by an individual listed on the Emergency Card before leaving the campus. For cases in which a person not listed on the Emergency Card is sent to pick up the student, the CAO/designee shall verify the request by telephoning the parent/legal guardian. If the parent/legal guardian cannot be reached by telephone, the student will not be released from school. All individuals must present photo identification prior to a student being released.

In some cases, it will be necessary to send a taxi for the student. The parent/legal guardian shall call the cab company to provide transportation. The parent/legal guardian shall give the school the name of the company and give verbal permission to release the child. The taxi driver shall sign the checkout book and list the number of his/her cab.

The parent/legal guardian may give the CAO/designee oral or written permission allowing the student whatever transportation the parent/legal guardian authorizes.

Emancipated students do not need parental consent to sign out.

It is the responsibility of the student to make up any academic time lost due to leaving campus prior to the designated end of the school day.

TARDIES

Punctuality is essential to a student's success. Students who arrive to campus after the start of class (9:15am) MUST check in with the front office. Those students who are late to school may be sent home and counted absent for that day, except in the case of extenuating circumstances as determined by the CAO or his/her designee. Students sent home for any reason will be considered absent. Students who anticipate being late MUST contact the school prior to 9:10am. Students who do not contact the school prior to 9:10am may be sent home and counted absent for that day, except in the case of extenuating circumstances as determined by the CAO or his/her designee.

Students who are tardy must arrive no later than 9:25am. Students who arrive after 9:25am may be sent home and counted as absent for that day, except in the case of extenuating circumstances as determined by the CAO or his/her designee. Students with 3 or more tardies accumulated within the same month may be required to attend a parent meeting with the CAO or his/her designee prior to returning to school. Starting with the 4th tardy of the month, students may be sent home and counted absent for the day, except in the case of extenuating circumstances as determined by the CAO or his/her designee. Students who exhibit a habit of being tardy may be placed on a Performance Improvement Plan (PIP). Failure to comply with the PIP may result in removal from the program.

BANKING TIME

Students will be allowed to bank time to be used in cases of illness or other situations. JCFA strongly encourages students to earn and maintain 15 class periods (one full week of class) of banked time to use in cases of emergencies. Banking does not take place on school days immediately preceding a holiday.

DISEASES: COMMUNICABLE AND/OR CONTAGIOUS

It is the policy of JCFA that a student who is suspected of having a communicable and/or contagious disease will be excluded from school until a written statement from a private physician or the Department of Health and Human Resource (Health Department), certifies that he/she is free of the suspected disease or is capable of returning to continue his/her education.

TYPES OF ABSENCES

The days absent from school shall include each of the following types of absences:

- 1) Exempted, Excused Absences - absences which are not considered for purposes of truancy and which are not considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed. Student absences covered from previously “banked” time will be considered “exempted excused.”
- 2) Non-exempted, Excused Absences are absences incurred due to personal illness or serious illness in the family (documented by acceptable excuses) which are not considered for purposes of truancy, but which are considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed. Absences in this category may still count against a student’s 90% attendance requirement. If absences in this category result in a student owing hours (i.e., places student on the Negative Hours Report), the student is required to bank time until he/she is removed from the Negative Hours Report. Failure to do so may result in a PIP or removal from the program for lack of attendance.
- 3) Unexcused Absences - any absence not meeting the requirements set forth in the excused absences policies, including but not limited to absences due to any job (including agriculture and domestic services, even in their own homes or for their parents/guardians/families) unless it is part of an approved instructional program. Students shall be given failing grades in those days missed and shall not be given an opportunity to make up work. Absences in this category will count against a student’s 90% attendance requirement. If absences in this category result in a student owing hours (i.e., places student on the Negative Hours Report), the student is required to bank time until he/she is removed from the Negative Hours Report. Failure to do so may result in a PIP or removal from the program for lack of attendance.
- 4) Suspension - a non-exempted absence in which a student is allowed to make up his/her work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence is considered when determining whether or not a student may or may not be promoted, but is not considered for purposes of truancy. Students absent from school as a result of any suspension shall be counted as absent. If absences in this category result in a student owing hours (i.e., places student on the Negative Hours Report), the student is required to bank time until he/she is removed from the Negative Hours Report. Failure to do so may result in a PIP or removal from the program for lack of attendance.

DAILY SCHEDULE

DESIGNATED DROP OFF/PICK UP

Parents dropping off or picking up students should use the designated drop off area behind the school. Parents should enter the parking lot via the main gate on Jefferson Highway and will exit the parking lot via the rear gate on Carrollton Way. Students should arrive to campus no earlier than 8:00am if participating in morning banking and no earlier than 8:45am if not participating in morning banking. Students arriving before 8:45am will be required to log-in and work on the computer. Students are to leave campus as quickly as possible after dismissal unless detained by a teacher or the administration. After-school loitering is not permitted, students **MUST** be picked up no later than 15 minutes after their last class dismisses or following banking time. Students who are waiting for ride after the dismissal period must wait in the front office. Parents/students ignoring this policy must understand that JCFA will not allow students to remain on campus after this time.

STUDENT PARKING

Parking is available *by permit only* to students who drive to school. A valid driver's license, proof of insurance and registration are required to receive a parking permit. The student must bring these documents to the Attendance & Office Manager on the first day the car is on campus. Students must observe parking lot rules and regulations at all times. Loud music, speeding, and parking outside of assigned lines are not permitted.

Students must bring everything they need in the building with them before school begins. The student parking lot is off limits to students during school hours and students are not allowed to go to their cars during the school day. Students, parents, or guest(s) are not allowed to sit in their cars or loiter in the parking lot.

Any student, parent, or driver involved in an accident on the property must report the accident to the campus officer.

COMPULSORY EDUCATION REQUIREMENTS & TRUANCY

Every parent, tutor, or other person residing within the state of Louisiana, having control or charge of any child from that child's seventh birthday until his eighteenth birthday, shall send such child to a public or private day school, unless the child graduates from high school prior to his/her eighteenth birthday. Any child below the age of seven who legally enrolls in school shall also be subject to such provisions. Every parent, tutor, or other person responsible for sending a child to a public or private day school shall also assure the attendance of such child in regularly assigned classes during regular school hours established by the school board. Every parent, tutor or legal guardian is entitled to written notification from their student's school when that student has been excessively absent from school. The penalty for breaking the law includes imprisonment, fines, required community service, and parenting classes

A student within the compulsory attendance age who is absent from school during regular school hours when there is no valid reason is considered truant. The term "truant" includes students within compulsory attendance age who are not enrolled in school, are absent from school without

a valid reason, leave campus without permission, do not report for or leave class during regular school hours without permission or a valid reason.

The process for communicating with students and/or parents/guardians regarding absences and truancy shall be as follows:

- 1) When no valid reason is found for a student's unexcused absences, the CAO or his/her designee shall make outreach efforts to contact the student and/or the student's parents/guardians. Each outreach attempt shall be documented.
 - a) The CAO or his/her designee may conduct a counseling session or conference at the school with the student's parent/legal guardian related to school attendance. The school CAO or his/her designee will notify the student's parent/legal guardian in writing or by telephone of the conference.
 - b) The willful failure of the child's parent/legal guardian to attend a meeting or conference with the CAO or his/her designee to discuss the child's repeated truancy may be grounds for a Family in Need of Services Complaint.
- 2) When no valid reason is found for a student's continued excessive unexcused absences, the parent/legal guardian will be given written notice requiring the student's attendance in school within three (3) days from the date of notice. The willful failure of the child's parent/legal guardian to attend a meeting or conference with the CAO or his/her designee to discuss the child's repeated truancy may be grounds for a Family in Need of Services Complaint.

The CAO or his/her designee will make a Families in Need of Services (FINS) referral to Juvenile Court when the school has established that a student is truant or has willfully and repeatedly violated lawful school rules. Until a student transfers to another school or is declared truant by a local court, the student will continue to be enrolled in the school.

Students who have reached the age of majority who have excessive absences may be removed from JCFA.

HOMEBOUND SERVICES AND MEDICAL/EXTENDED LEAVE

HOMEBOUND

In order for a student to be considered for homebound instruction, the student, as a result of health care treatment, physical illness, accident, or the treatment thereof, must be temporarily unable to attend school for the provision of regular educational services. Such incapacitation shall require verification by a physician or mental health professional. A student is eligible for homebound services if the following criteria are met:

- 1) Student is absent for more than 10 (10) consecutive school days for a qualifying illness.
- 2) The student is free of infectious or communicable disease. If the student is not free of such diseases, other appropriate instructional arrangements must be made.
- 3) The parent/guardian signs a parental agreement concerning homebound or hospital policies and parental cooperation.
- 4) The student must obtain written documentation from a medical or mental health professional indicating that homebound services are required

The homebound instruction program is a continuation of the regular school instructional program, designed to help the student return to school without falling behind in his/her progress. Students designated as homebound must complete an agreement with the CAO or his/her designee agreeing to minimum weekly online work and/or progress completed. In cases where the student is under the age of 18, the parent/guardian of the student must also sign the agreement.

MEDICAL AND EXTENDED LEAVE

In the case of a medical or family circumstance requiring a student to miss more than five (5) consecutive days of school, the student may be temporarily withdrawn from the program, and may be readmitted upon verification of circumstance and documentation.

- 1) Medical Leave - If possible, the student should be placed into homebound services. If the student is deemed unable to perform educational responsibilities due to illness or temporary disability, the student may request a medical leave.
 - a) For medical leave, documentation from the attending physician, dentist, or nurse practitioner licensed to practice in Louisiana must be presented with information regarding the diagnosis and timeline for treatment.
 - b) During the student's medical leave, the student and/or the student's parent/guardian must submit monthly reports from the attending physician, dentist, or nurse practitioner certifying that the student continues to have a temporary disability/illness.
 - c) To be eligible to return to school, the student must present documentation from the student's physician, dentist, or nurse practitioner licensed to practice in Louisiana indicating that the student's medical condition does not prohibit the student from returning to school, and stating the nature of any limitations related to school activities.
- 2) Extended Leave - In the case of family circumstances or non-academic barriers, the CAO, or his/her designee, may grant a student an extended leave of absence. During this time, the student will be withdrawn from the program. All necessary documentation must be completed prior to the approval of the extended leave, including a plan for estimated return to school. Due to the compulsory school attendance age, a student under the age of 18 may not be eligible for non-medical extended leave unless he/she is considered an emancipated youth. A student between the ages of seventeen (17) and eighteen (18) may be granted an extended leave from school with the written consent of

the parent/legal guardian. A student who has reached the age of majority or a student who has been emancipated may apply for an Extended Leave for him/herself.

PREGNANT STUDENT PROCEDURES AND POLICIES

A pregnant student must submit to the school regular updates and reports from her physician, beginning in the fourth month, certifying her ability to continue functioning in school. If it is determined that the physical/emotional condition of the student precludes her attendance in the regular education program and the student is determined to be eligible for homebound instruction, the school may provide such services to her.

CONSENT TO WITHDRAW & TRANSFER PROCEDURE

NOTE: Any student withdrawing from JCFA may not be allowed to return to JCFA.

A parent or legal guardian who withdraws a student under the age of eighteen (18) years must meet one of the requirements below to be in compliance with the compulsory attendance law:

1. A student, under 18 years of age, who withdraws from school prior to graduating from high school and who has been ruled truant by a court of competent jurisdiction can be ordered by the court to exercise one of the following options within 120 days of leaving school:
 - a. Re-enroll in school and make continual progress toward completing the requirements for high school graduation;
 - b. Enroll in a high school equivalency diploma program and make continual progress toward completing the requirements for earning such diploma;
 - c. Enlist in the Louisiana National Guard or a branch of the United States Armed Forces, with a commitment for at least two years of service, and earn a high school equivalency diploma during such service period.
2. If a student is under the age of 18, the parent or guardian may withdraw the student from high school if that student is accepted into a National Guard Youth Challenge Program in this state.
3. For a student who is under the age of 18 and enrolled in school beyond his/her sixteenth (16) birthday, the parent or legal guardian may request a waiver from the local superintendent for that student to exit school to enroll in an adult education program approved by the Louisiana Community and Technical College System (LCTCS).

Marriage of minors under the age of eighteen (18) years results in their emancipation; hence there is no person in charge or control of them and no method or procedure by which their attendance in school can be compelled.

In order that the school may have sufficient time to prepare for students withdrawing from school, seventy-two (72) hours advance notice shall be given. Before any records are released and final clearance granted, all school property shall be returned and all accounts must be cleared.

The procedure for withdrawal or transferring is as follows:

1. Secure a Student Exit Form from the Student Success Coordinator
2. Student Exit Form must be signed by parent/guardian for students under the age of 18 or by the student if he/she is 18 years or older.
3. Student's instructors will provide the final progress and grade, and will sign the Student Exit Form. If an instructor is not available to provide the information and/or signature, the Student Success Coordinator may complete the necessary information.
4. Chief Academic Officer must sign the Student Exit Form and may meet with the student and/or the parent/guardian.
5. Return completed form to the Student Success Coordinator office for final clearance
6. Student Success Coordinator will provide student with necessary documents for transfer. In the case of a transfer, the new school must contact JCFA to request official records.

GRADING, CREDITS, AND GRADUATION

GRADING SCALE FOR REGULAR COURSES

GRADE	STANDARD	QUALITY POINTS
93-100	A	4.0
85-92	B	3.0
75-84	C	2.0
67-74	D	1.0
0-66	F	0.0

GRADING SCALE FOR ADVANCED PLACEMENT, INTERNATIONAL BACCALAUREATE, GIFTED AND DUAL ENROLLMENT COURSES

GRADE	STANDARD	QUALITY POINTS
93-100	A	5.0
85-92	B	4.0
75-84	C	3.0
67-74	D	1.0
0-66	F	0.0

Effective for high school graduates beginning with academic year (high school) 2017-2018, the TOPS Cumulative Grade Point Average will be calculated by dividing the total number of quality points earned on the courses used to complete the TOPS core curriculum by the total units earned to complete the TOPS core curriculum. Quality points equal the credit for the course

multiplied by the value assigned to the letter grade. The quality points for courses used to complete the TOPS core curriculum, except for Advanced Placement, International Baccalaureate, Gifted and dual enrollment courses, shall be converted to a 4.00. The quality points for Advanced Placement, International Baccalaureate, Gifted and Dual Enrollment courses used to complete the TOPS core curriculum shall be converted to a 5.00 scale.

Students must score an average of 75% on each course's cumulative exam. Students who fail the cumulative exam will not receive credit for the course. Grades will be calculated in the following manner:

30%	Assessments
30%	Class work
20%	Work ethic
20%	Final exam

The score earned through End of Course exams will be worth 25% of a student's final course grade in the following classes: English II, English III, Algebra I part 2, Geometry, Biology, and American History. For students with disabilities identified under IDEA who meet the LAA2 participation criteria prior to taking the first EOC test, the EOC test score shall count for 5% of the students' final grade for the course.

Final grades reported on transcripts shall be letter grades.

GRADE IMPROVEMENT POLICY

A student should meet with the Student Success Coordinator, or his/her designee, to review the student's academic record in order to determine eligibility and benefit of repeating previously completed courses. Eligible students must be enrolled in their final three (3) Carnegie unit courses in order to elect to repeat courses. An exception may be made in the case of prerequisite coursework. Students seeking to repeat courses previously passed must have a JCFA GPA of 2.5 or higher. Exceptions to this GPA requirement may be made by the CAO or his/her designee.

Students who elect to repeat a course for the purpose of attaining a higher grade, attempting to increase their grade point average (GPA), will automatically be assigned the last grade earned, even if that grade is lower. The last grade earned is the grade averaged for the final GPA. Both grades remain on the permanent transcript. A course may only be repeated one time.

Should a student repeat a course for which he/she has taken and passed a credit exam with a grade of "P," the grade of the repeated course will be considered the final grade. The final grade is the grade averaged for the final GPA. Both grades remain on the permanent transcript.

GRADE APPEALS

If a grade of any kind is to be appealed by a student and/or parent/guardian, it must be done within 15 school days of the issuance of that grade. Before meeting with the CAO, every effort must be made between the student and/or parent/guardian and the instructor to resolve the matter. If the matter is not resolved between the student and/or parent/guardian and the

instructor, a conference will be held in which the student, parent/guardian, instructor and CAO will be present. The appeal will be heard by the CAO whose decision is final.

CREDITS FOR PROMOTION

Students shall matriculate based on the number of BESE core required Carnegie units remaining to meet graduation requirements.

GRADE LEVEL	CREDITS/COURSES
Freshman (9 th)	Between 18 – 24 BESE core required Carnegie units remaining
Sophomore (10 th)	Between 12.5 – 17.5 BESE core required Carnegie units remaining
Junior (11 th)	Between 6.5 – 12 BESE core required Carnegie units remaining
Senior (12 th)	6 or fewer BESE core required Carnegie units remaining

PRESCRIPTIVE TESTING

Prescriptive testing allows a student to test out of lessons or topics they have previously mastered. Prescriptive testing allows students to finish courses faster. All students enrolled in online courses may take advantage of prescriptive testing. Prescriptive tests must be taken on campus in the classroom for that subject area.

GRADUATION

JCFA holds two graduation ceremonies per campus each year to celebrate students who have completed all requirements to earn a high school diploma. Graduations are held in the late winter and late summer. Students are eligible to participate in a graduation ceremony once ALL graduation requirements are completed. Exceptions may be granted in special circumstances by the CAO and Executive Director. When graduation dates are announced, the deadline for course completion to be eligible for participation will also be announced.

GRADUATION REQUIREMENTS

The information below is based upon guidelines contained in the Louisiana Administrative Code, Title 28 - Bulletin 741, the Louisiana Handbook for School Administrators.

INCOMING FRESHMAN 2007-08 AND PRIOR

For incoming Freshmen in 2007-08 and prior, the 23 units required for graduation shall include 15 required units and 8 elective units for the Traditional Diploma Curriculum.

The competence areas which are considered essential education goals are communication, reasoning, responsibility, physical and mental well-being, and learning to learn. In providing an atmosphere conducive to learning, it is essential that students gain confidence in their own abilities to learn to control and discipline their actions and habits.

Hazing is hereby prohibited at JCFA for the purpose of initiation or admission into, affiliation with, continued membership in, or acceptance by existing members of any organization or extracurricular activity, whether such behavior is planned or occurs on or off school property. No student may solicit, ask, or request another to do an act forbidden under the definition of hazing given below. No student may aid, help, assist, or abet another in the hazing of a student. Other methods of investigation also may be used and pertinent documents may be examined by the investigator.

Investigations shall be completed no later than 10 school days after the receipt of the written report. . During an investigation, JCFA may take immediate steps, at its discretion, to protect the complainant, students, teachers, administrators or other school personnel pending completion of the investigation. A written report shall be prepared upon the completion of the investigation. If the complaint involves the CAO, the report shall be made and filed directly with the Executive Director. SEARCHES AND SEIZURES

Any teacher, CAO, administrator, or school security guard employed by JCFA, having a reasonable belief that any building, desk, room, area, or grounds contains any weapons, illegal drugs, alcoholic beverages, nitrate based inhalants, stolen goods, or other items the possession of which is prohibited by any law, policy, or school rule, may search either physically or with the use of metal detectors such building, desk, room, area, or grounds. By signing the Handbook Agreement Form, the signator(s) provides authority with the consent to search any vehicle on campus. This acceptance and use of facilities or the parking of any vehicles on campus shall constitute consent to the search of such facilities or vehicles by authorized school personnel. In addition, JCFA reserves the right to inspect or search at any time any facilities, objects, or vehicles on the school campus, or used by students, for the purpose of enforcing compliance with any health, safety, or security policies, rules, or regulations. Such searches shall be conducted in the presence of the student whenever possible. If a signator(s) is not present during the search he or she shall be informed of the search as soon as practical thereafter.

Students and parents shall be notified in writing at the beginning of each school year of the school's authority to conduct unannounced searches of students, property, automobiles, school employees, and any other person or object on school property and at school sponsored events. Signs of high visibility informing the general public of the school's search authority shall be posted at entrances to campus.

Upon finding any prohibited items, the student shall be automatically suspended and/or recommended for expulsion by school authorities, as appropriate. Investigative facts and/or seized items shall be immediately turned over to the proper law enforcement officials.

Whenever any search is conducted pursuant to this policy, as soon as is reasonably practical, a written record shall be made thereof using the Incident Report Form by the school administrator/designee conducting the search and such record shall include the name of the student and/or person(s) involved, the circumstances leading to the search and the results of the search. This written, dated and signed record shall be filed and maintained in the school administrator's office, and a copy of it shall be sent to the Executive Director within two (2) days. The student(s) and parent(s)/guardian(s) shall be given a written receipt for any item(s) seized and/or impounded by the school administrator/ designee.

No actions taken pursuant to this policy by any teacher, administrator, or school security guard employed by the school shall be taken maliciously or with willful and deliberate intent to harass, embarrass or intimidate any student.

AUTHORIZATION

JCFA shall authorize teachers, administrators, and school security guards to search the person of a student, either by a random search or when the teacher, administrator or security guard has reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, a school policy, or possesses a harmful item which may pose a danger to the student or students or to the welfare of the student body.

Searches shall be applied consistently and shall be with the knowledge, and under the supervision, of the CAO or designee.

Random searches may be conducted with the approval of the Executive Director.

The Board shall indemnify and defend in accordance with state law employees who follow this policy and subsequently are involved in litigation as a result of compliance.

SEARCH OF STUDENT PERSON

JCFA authorizes any teacher, administrator, or school security guard, under the employ of the school to search a student's person or his/her personal effects when, based on the attendant circumstances at the time of the search, there are reasonable grounds to suspect that the search will reveal evidence that the student has violated the law or school policy. Searches may also be conducted to assure compliance with health, safety, and/or security laws, rules, or regulations. Such a search shall be conducted in a manner that is reasonably related to the purpose of the search and not excessively intrusive in light of the age or sex of the student and the nature of the suspected offense.

Any search of student's person shall be done privately by a teacher, administrator, or security guard of the same sex as the student to be searched with at least one witness of the same sex as said student who shall be present throughout the search. Detailed documentation shall be made of all searches. Items which are specifically prohibited by law and/or school policy shall be immediately seized. The school administrator/designee shall immediately contact the student's parent/guardian, appropriate law enforcement agency and the Executive Director.

If a teacher, school administrator, or security guard suspects the presence of firearms, weapons, illegal drugs, stolen goods, or other materials or objects the possession of which is a violation of school policy, random searches with a metal detector of students or their personal effects may be conducted at any time, provided they are conducted without deliberate touching of the student.

SEARCH OF VEHICLES

By signing the Handbook Agreement Form, signator(s) provides authority with the consent to search any vehicle on campus. Any vehicle parked on campus may be searched without consent at any time by a school administrator/designee when such school administrator/designee has articulable facts which lead the school administrator/designee to a reasonable belief that weapons, dangerous substances or elements, illegal drugs, alcohol, stolen goods, or other materials or objects the possession of which is a violation of law and/or school policy will be found. Searches may also be conducted to assure compliance with health, safety, and/or security laws, rules, or regulations.

If the automobile is locked, the student shall unlock the automobile. If the student refuses to unlock the automobile, proper law enforcement officials shall be summoned, and the student shall be subject to disciplinary action. Any student not present during the search shall be informed of the search immediately thereafter.

USE OF CANINES

The administration is authorized to utilize canines, whose reliability and accuracy for sniffing out controlled substances, drugs, alcohol, guns, knives, weapons, or other materials or objects which are a violation of the law and/or school policy have been established, to aid in the search for contraband on school property and vehicles parked on campus. Canines shall not be used to search students. The canines must be accompanied by a qualified and authorized trained official of the local or parish law enforcement agency, who will be responsible for the dog's actions. An indication by the dog that drugs, alcohol, weapons, or any other item of violation is present on school property or in a vehicle shall be reasonable cause for further search by school officials.

CONFISCATION

Upon the confiscation of any firearm, bomb, knife, or other implement which could be used as a weapon, or any controlled dangerous substance, the CAO or designee shall report the confiscation to the proper law enforcement officials. Any implement or material confiscated shall be retained, cataloged, and secured by the CAO so as to prevent the destruction, alteration, or disappearance until such time as the implement or material is given to law enforcement personnel for disposal. Parent(s) or guardian(s) shall be notified of any item impounded. Any administrator or designee failing to report any prohibited weapon or confiscated material or implement to the proper law enforcement officials or failing to properly secure any weapon or confiscated material or implement shall be subject to appropriate disciplinary action as may be determined by the Executive Director and/or Board of Governance.

DUE PROCESS, GRIEVANCE, & APPEAL PROCESS

DUE PROCESS

JCFA mandates that all students shall be treated fairly and honestly in resolving grievances, complaints, or in the consideration of any suspension or expulsion. Due process shall be defined as fair and reasonable approaches to all areas of student grievance and discipline on the part of all school officials in order not to arbitrarily deny a student the benefits of the instructional process.

Due process requires the school administration to impose fundamentally fair procedures to determine whether misconduct or other improper action has occurred before any disciplinary action may be taken by the school administration, except in the case of imminent danger or disruption of the academic process. In these instances, proper procedures shall be put into effect as soon as removal of the student has occurred.

The full protection of procedural due process shall be afforded any student facing possible long-term suspension or expulsion.

GRIEVANCE PROCEDURE

Any member of the school community (student, teacher, administrator, or parents, who also speak and act on behalf of their children) who has been aggrieved by any action or failure to act has the right to file a formal grievance. This grievance shall follow the chain of command listed below:

- 1) The teacher involved
- 2) The Chief Academic Officer
- 3) Executive Director
- 4) JCFA Board of Governance

Students interested in filing a grievance should submit, in writing, a statement about the facts of the alleged incident, outlining who was involved and specifically what occurred, requesting an appeal hearing, and why the student should be granted an appeal hearing.

APPEAL PROCESS

Should a student be released by school decision, he/she has the option to appeal this decision. A timely and properly received request for appeal will be heard through a Hearing Committee of the Board of Governance. The Hearing Committee will consist of no less than three (3) members and may consist of Board of Governance members as well as individuals serving on Board of Governance committees. The Hearing Committee is committed to fairness in its deliberations and it may rely on any reasonable evidence to make a decision.

The following should serve as a guideline for a student seeking to appeal a removal/dismissal decision at JCFA:

- 1) The student shall provide a written request for appeal. This written request must be submitted via email or regular mail to the Executive Director, and must be received within five (5) school days of the dismissal. This written request shall include:
 - (a) the request for an appeal,
 - (b) the reason(s) why an appeal should be granted, and
 - (c) a report of the incident leading to the dismissal from the student's perspective.
- 2) A date will be selected for the subsequent hearing within five (5) school days of receipt of the written appeal request.
- 3) During the hearing, the student may bring an advocate. If the student is under the age of 18, the registering parent/guardian must attend the appeal hearing with the student. In addition to the parent/guardian, a suitable advocate may also attend. The student must notify the Executive Director of the name of the proposed advocate and the relation to the student at least one day prior to the hearing. Members of the JCFA faculty, staff, administration, student body, Board of Governance, and/or Board of Governance committees are not eligible to serve as a student's advocate during an appeal hearing.
- 4) After the hearing of evidence, the Hearing Committee will deliberate in private. Following deliberation, the Committee's decision will be mailed within 72 hours of the decision to the student's last mailing address on file. The decision of the Hearing Committee is final.

POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS (PBIS)

PBIS is the application of evidence-based strategies and systems to assist schools to increase academic performance, increase safety, decrease problem behavior, and establish a positive school culture. The PBIS process results in the creation of effective intervention plans that will reduce problem behaviors, teach new skills, and create support systems for the student. Schools will set behavioral expectations for students that will help to create the positive school culture. Some of the expectations for the student are to (1) attend school daily, (2) arrive to school on time, (3) complete all required assignments, (4) progress in course work, and (5) follow school and classroom rules.

Scholar Dollars will be part of the Positive Behavior Intervention & Support (PBIS) program. Students may earn Scholar Dollars from any member of the faculty, staff, or administration through various actions and behaviors including, but not limited to positive student behavior, dress, courtesy, cooperation, helpfulness, work ethic, academic success, progress, etc.

Students are acknowledged for progress, work ethic, attendance, etc. during Family Meetings which take place once each month. Students are able to earn rewards and prizes during Family Meeting based on Work Ethic focusing on the Four A's – Attendance, Attire, Achievement, & Attitude.

Parents are a vital part of this process. Parents should attend all required parent conferences. PBIS is consistent with the Individuals with Disabilities Education Act which advocates the use of positive behavior interventions and school-based disciplinary strategies that reduce or eliminate the need to use suspension and expulsion as disciplinary options.

INTERNET USAGE POLICY

The internet is a vast global network that provides access to major universities around the world, governmental agencies, other school systems, and commercial providers of data banks. The Jefferson Chamber Foundation Academy shall establish appropriate guidelines for exploring and using the internet resources within the school to enhance learning and teaching activities. Acceptable use of these resources shall be consistent with the philosophy, goals, and objectives of JCFA.

Limited internet access is available to teachers and students at the Jefferson Chamber Foundation Academy. Our purpose in providing this service is to promote educational excellence and equality in our school by facilitating resource sharing, innovation, and communication. Exploration of the internet is encouraged, but with rights and privileges come responsibility. Any use of the internet that adversely affects its operation in pursuit of teaching and learning or jeopardizes its use or performance for others may result in appropriate disciplinary action. JCFA does not condone the use of the internet for any illegal or inappropriate activities and shall not be responsible for any such use by staff or students. Parents shall be made aware that the internet usage is only partially controllable by supervision.

Students may use the internet only if the Internet Usage Agreement has been properly signed, filed, and approved and then only in accordance with JCFA regulations governing such usage.

JCFA personnel and other authorized persons may use the internet only if the Internet Agreement/Application has been properly signed, approved by appropriate personnel and filed at the school.

Any person using computers or other electronic information resources shall be required to use such equipment and resources in a responsible, legal manner. JCFA retains the right to monitor all computer usage and files for compliance to all regulations and/or procedures.

Internet users may encounter material which is controversial and which the user, teacher, or administrator may consider inappropriate or offensive. Although JCFA provides an internet filtering system, it is impossible on the global internet to control the content of all data that an industrious user may discover. It is the user's responsibility not to initiate access to such material. JCFA expressly disclaims any obligation to regulate the content of all data that an industrious user may discover. It is the user's responsibility not to initiate access through the internet, beyond the filter provided. Accordingly, regulations for participation by anyone on the internet shall include but not be limited to the following:

1. Users must demonstrate honesty, integrity, and respect for others at all times. Appropriate manners and language shall be required.
2. Photographs, personal addresses, personal phone numbers, last names, or any other personal information will not be disseminated/distributed in student use of the internet.
3. Illegal activities, including copyright or contract violations shall not be permitted.
4. The internet shall not be used for financial or commercial gain.
5. Threatening profane or abusive language/messages shall be forbidden.
6. Activities shall not be allowed which may damage equipment or interrupt any networking system. Any attempt to alter, harm, or destroy the data of another user's internet, or any network on the internet, shall be forbidden.
7. Users are not permitted to download, upload, or create, a computer virus on the internet or any networking system.
8. Resources offered by the internet and paid for by JCFA may not be willfully wasted.
9. A user shall not attempt to access any internet resources or entities not previously authorized by the instructor.
10. Sending or posting anonymous messages shall be forbidden.
11. Product advertising, political lobbying, or sending messages involving illegal activities shall not be permitted. Violations shall be reported to the instructor when evidence is encountered on the internet.
12. When a security problem is detected, it shall be reported immediately to the teacher, the school technology coordinator, and the CAO. The problem shall not be demonstrated to other users.
13. Disciplinary action shall automatically result for a user who accesses, sends, receives, or configures electrically any profane or obscene language or pictures.
14. Users shall participate in activities related to cyber bullying, social networking and online safety.

15. Users must recognize the privacy rights of others, and refrain from posting and/or re-posting personal information without the original author's prior consent. Failure to do so may result in school disciplinary action and/or the user's loss of internet privileges.
16. Users must accept full responsibility for the usage of his or her account. A user's failure to fulfill this responsibility by giving his or her username or password to another may result in school disciplinary action and/or loss of internet privileges.
17. Users must take responsibility for his or her own messages, actions, and words on the Internet. Failure to do so may result in school disciplinary action and/or the loss of internet privileges.

Students and parents/guardians will be provided a copy of the policy and agreement during orientation activities. All students shall sign a copy of the agreement prior to access to the Internet being provided. Parents/guardians of students under the age of 18 shall sign the agreement (in addition to the student) prior to access to the Internet being provided.

- Physician's/dentist's/other authorized prescriber's name

3. Delivery and Supply - The parent/legal guardian shall arrange for the safe delivery of the medication to and from school by a responsible adult. The parent/legal guardian must supply all necessary items needed for the administration of the medication (i.e., cups, measuring implements, etc.). No more than a 35 school day supply of medication shall be kept at school.

NOTE: Parents may come to school and administer medication to their children at any time during the school day following submission of proper physician's authorization for medications and arrangements with the CAO.

School Responsibility:

1. School personnel will not provide any medication.
2. A medication log form will be maintained by school personnel for each medication required by the student.
3. The designated, trained employee will keep all medication in a locked secure place.

4. All medications will be disposed of seven (7) days after the physician's recommended date to discontinue, if not claimed by the parent/legal guardian.
5. During the period when the medication is administered, the person administering the medication shall be relieved of all other duties.
6. Only oral medications, inhalants, topical ointments for diaper rash, and emergency medications shall be administered at school by unlicensed personnel. Except in life-threatening situations, trained unlicensed school employees may not administer injectable medications.
7. Each student shall be observed by a school employee for a period of 45 minutes following the administration of medication. This observation may occur during instruction time.

Additional Procedures:

1. Injections - The parent/legal guardian will be required to come to school and administer injections to their child except in the case of emergency medication for a life threatening situation.
 - a. The above policy shall not apply to students diagnosed with Insulin Dependent Diabetes Mellitus who do not self administer and may require insulin during the school day.
 - b. The parent/legal guardian is responsible for providing the insulin and necessary supplies.
 - c. Students who will be responsible for administering their own injections must keep the necessary supplies in a secure place as designated by the CAO. The student will be responsible for securing the prescribed dosage.
2. Inhalers and Aerosol Treatments - Previously stated medication policy is to be followed. If an asthma inhaler is to be carried by a student at all times, then the physician's written orders must state such.

TEMPORARY AND CHRONIC DISABILITIES

TEMPORARY DISABILITY POLICIES AND PROCEDURES

Before the student with a temporary disability returns to school, the student's parent/legal guardian must present an initial letter from the student's doctor licensed to practice in Louisiana indicating that the student's medical condition does not preclude the student from returning to school. The letter must state the nature of the student's disability, and the student's physical capabilities and limitations, including, but not limited to, physical activities, sitting in a computer lab or traditional classroom, and other school related activities.

During the period of the student's temporary disability, the student's parent/legal guardian must submit a monthly report from the student's doctor certifying that the student continues to have a temporary disability, and changes, if any in the student's ability to function normally within the school environment. During the period of the student's temporary disability, the student may participate in homebound services or be placed on medical withdrawal.

CHRONIC DISABILITY PROCEDURES

Students with chronic physical disabilities and conditions must present written certification from their doctor(s) on an annual basis.

SUBSTANCE ABUSE POLICY AND PROCEDURES

The possession, use, delivery, transfer, or sale of alcohol, controlled dangerous substances, any mood altering chemical, or any substance designed to look like or represented as such by students, on school premises, in school buildings, or at school-sanctioned events is expressly forbidden. A “look alike” substance is defined as any substance that appears or resembles any prohibited substance and which the student in possession thereof specifically represents to others as a prohibited substance.

Students who are suspected of being under the influence of any substance while on campus may be searched following the procedures outlined in this handbook and may be sent home. The CAO or his/her designee may also require a parent/guardian communication and/or conference.

MANUFACTURE/POSSESSION/DISTRIBUTION (DRUG RELATED)

When the CAO or his/her designee has reasonable cause to believe that a student has manufactured, distributed, or possessed with intent to distribute alcohol, controlled dangerous substances, any mood-altering chemicals, or any substance designed to look like or represented as such a drug, the parent/legal guardian and the appropriate law enforcement agency shall be contacted immediately. Upon such violation, criminal charges shall be filed with the appropriate law enforcement agency. The student shall be suspended from school according to the following procedures:

- 1) If sixteen (16) years of age or older, the student shall be expelled from JCFA for a minimum period of four (4) complete semesters;
- 2) If under sixteen (16) years of age and a middle/high school, student shall be expelled from JCFA for a minimum period of two (2) complete semesters;

No student expelled under these items shall be allowed to return to JCFA without the express written approval of the JCFA Board of Governance.

STUDENT SMOKING/TOBACCO POLICY

JCFA-East is a TOBACCO FREE CAMPUS. Students are not allowed to smoke, chew, or otherwise consume tobacco products, e-cigarettes, or “smoking blends” while on campus including inside or near the building and surrounding parking lot(s)/sidewalks. Pursuant to Louisiana law, students under the age of eighteen (18) are not allowed to smoke, chew or otherwise consume or possess tobacco products, e-cigarettes, or “smoking blends” on school property. No student shall sell any tobacco or tobacco product, smokeless tobacco, cigar, e-cigarette, cigarette, pipe or other form of smoking object or device or smoking paraphernalia and/or accessories, in any form, in school buildings, on school premises, or at school-sanctioned events.

“Smoking” means the possession of a cigar, cigarette, pipe, e-cigarette, or any other tobacco product. Parental permission to use tobacco or have tobacco paraphernalia does not exempt a student from this policy.

STUDENTS WITH EXCEPTIONALITIES

It is the responsibility of JCFA to implement all federal and state regulations pertaining to the education of children with exceptionalities. Please refer to Regulations for Implementations of the Children with Exceptionalities Act (R.S. 17: 1941 et seq.) – Title 28 Part XLIII, Bulletin 1706, Subpart A - Regulations for Students with Disabilities, Louisiana Department of Education. Subpart B - Regulations for Gifted/Talented Students.

SECTION 504 OF THE REHABILITATION ACT (1973)

Section 504 - applies to students who do not qualify to receive special education services (Bulletin 1508) but are identified (based on 504 assessment) to receive individually planned accommodations and/or modifications in the regular education setting. The Individual Accommodation Plan (IAP) sets forth accommodations and/or modifications necessary for the regular education student to have equal access to the educational benefits of the school's program(s).

DISCIPLINE OF STUDENTS WITH DISABILITIES

For purposes of removal of a student with a disability from the student's current educational placement, a *change of placement* occurs when:

- 1) a student with a disability is removed from his or her current educational placement for more than ten (10) consecutive school days; or
- 2) a student with a disability is subjected to a series of removals that constitute a pattern because they cumulate to more than ten (10) school days in a school year and because of factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

School personnel have the authority to order a change in placement for a student with a disability when certain conditions exist.

- 1) School personnel may order a removal of a student with a disability from the student's current educational placement for not more than ten consecutive school days for any violation of school rules to the extent a removal would be applied to a student without a disability, and school personnel may order additional removals of not more than ten consecutive school days in the same school year for separate incidents of misconduct as long as the removals do not constitute a change of placement
- 2) School personnel may order a change in placement of a student with a disability to an appropriate interim alternative educational setting for the same amount of time a student without a disability would be subject to discipline, but for not more than 45 days, if:
 - A) the student carries or possesses a weapon at school or at a school function under the jurisdiction of the state or an LEA; or

- B) the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function under the jurisdiction of the state or an LEA

A hearing officer has the authority to order a change in placement for a student with a disability when certain conditions exist. The hearing officer may order a change in the placement of a student with a disability to an appropriate interim alternative educational setting for not more than 45 days if the hearing officer, in an expedited due process hearing:

- 1) determines that the LEA has demonstrated by substantial evidence that maintaining the current placement of the student is substantially likely to result in injury to the student or to others (substantial evidence means beyond a preponderance of the evidence);
- 2) considers the appropriateness of the student's current placement;
- 3) considers whether the LEA has made reasonable efforts to minimize the risk of harm in the student's current placement, including the use of supplementary aids and services; and
- 4) determines that the interim alternative educational setting that is proposed by school personnel meets all IAES requirements

An LEA need not provide services during periods of removal to a student with a disability who has been removed from his or her current placement for ten school days or less in that school year, if services are not provided to a student without disabilities who has been similarly removed.

- 1) In the case of a student with a disability who has been removed from his or her current placement for more than ten school days in that school year, the LEA, for the remainder of the removals, shall provide services to the extent necessary to enable the student to progress appropriately in the general curriculum and to advance appropriately toward achieving the goals set out in the student's IEP, if the removal is:
 - A) under the school personnel's authority to remove for not more than ten consecutive school days as long as that removal does not constitute a change of placement; school personnel, in consultation with the student's special education teacher, shall determine the extent to which services are necessary to enable the student to progress appropriately in the general curriculum and to advance appropriately toward achieving the goals set out in the student's IEP;
 - B) for behavior that is not a manifestation of the student's disability consistent with regulations; the student's IEP team shall determine the extent of which services are necessary to enable the student to advance appropriately toward achieving the goals set out in the student's IEP.
- 2) An LEA shall provide services that will enable the student to continue to progress in the general curriculum and to continue to receive those services and modifications, including those described in the student's current IEP, that will enable the student to meet the goals set out in that IEP. The LEA shall include

services and modifications designed to address the behavior described below and to prevent the behavior from recurring if the removal is:

- A) for drugs or weapon offenses (the IEP team determines the interim alternative educational setting); or
- B) based on a hearing officer's determination that maintaining the current placement of the student is substantially likely to result in injury to the student or others if he or she remains in the current placement.

Either before or not later than ten business days after either first removing the student for more than ten school days in a school year or commencing a removal that constitutes a change of placement, the LEA shall follow prescribed procedures as listed below.

- 1) If the LEA did not conduct a functional behavior assessment and implement a behavioral intervention plan for the student before the behavior that resulted in the removal occurred, the LEA shall convene an IEP meeting to develop an assessment plan.
- 2) If the student already has a behavioral intervention plan, the IEP team shall meet to review the plan and its implementation and modify the plan and its implementation as necessary, to address the behavior.
- 3) As soon as practicable after developing the behavioral intervention plan and completing the assessment required by the plan, the LEA shall convene an IEP meeting to develop appropriate behavioral interventions to address that behavior and shall implement those interventions.
- 4) If subsequently, a student with a disability who has a behavioral intervention plan and who has been removed from his or her placement for more than ten school days in a school year is subjected to a removal that does not constitute a change of placement, the IEP team members shall review the behavior intervention plan and its implementation to determine whether modifications are necessary. If one or more of the team members believe that modifications are needed, the team shall meet to modify the plan and its implementation to the extent the team determines necessary.

A manifestation determination review is required whenever an action involving a removal that constitutes a *change of placement* for a student with a disability is contemplated.

- 1) Not later than the date on which the decision to take that action is made, the parents shall be notified of that decision and shall be provided the procedural safeguards notice (Louisiana's Educational Rights of Children with Disabilities).
- 2) Immediately, if possible, but in no case later than ten school days after the date on which the decision to take that action is made, a review shall be conducted of the relationship between the student's disability and the behavior subject to the disciplinary action.
- 3) The review shall be conducted by the IEP team and other qualified personnel in a meeting.
- 4) In carrying out the manifestation determination review, the IEP team and other qualified personnel may determine that the behavior of the student was not a manifestation of the student's disability only if the IEP team and other qualified personnel:

- A) consider, in terms of the behavior subject to disciplinary action, all relevant information, the evaluation and diagnostic results, including the results or other relevant information supplied by the parent of the student; observation of the student; and the student's IEP and placement; and
- B) determine that:
- in relationship to the behavior subject to disciplinary action, the student's IEP and placement were appropriate and the special education services, supplementary aids and services, and behavior intervention strategies were provided consistent with the student's IEP and placement;
 - the student's disability did not impair the ability of the student to understand the impact and consequence of the behavior subject to disciplinary action; and
 - the student's disability did not impair the ability of the student to control the behavior subject to disciplinary action.
- 5) If the IEP team and other qualified personnel determine that any of the standards in paragraph 4B of this section were not met, the behavior shall be considered a manifestation of the student's disability.
- 6) If the IEP team and other qualified personnel determine that the behavior is a manifestation of the student's disability, the disciplinary removal cannot occur, unless the removal is in accordance with Bulletin 1706 §519.B.2.(a) and §519.D.
- 7) The manifestation review meeting may be conducted at the same IEP meeting that is convened to conduct the functional behavioral assessment.
- 8) If in the review, the LEA identifies deficiencies in the student's IEP or placement or in their implementation, it shall take immediate steps to remedy those deficiencies.

When the determination is made that the behavior was not a manifestation of the student's disability, prescribed guidelines shall be followed.

- 1) The relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities except a FAPE shall be provided as defined in Bulletin 1706 §519.E.
- 2) If the LEA initiates disciplinary procedures applicable to all students, the LEA shall ensure that the special education and disciplinary records of the student with a disability are transmitted for consideration by the person or persons making the final determination regarding the disciplinary action.
- 3) Except as provided in Bulletin 1706 §519.K.1, if a parent requests a hearing to challenge a determination made through the review process that the behavior of the student was not a manifestation of the student's disability, the student's status during due process proceeding shall follow Bulletin 1706 §514.

If the student's parent disagrees with a determination that the student's behavior was not a manifestation of the student's disability or with any decision regarding placement and discipline, the parent may request a hearing. The Department of Education, consistent with §507 and

§508.B of Bulletin 1706, shall arrange for an expedited hearing in any case if a hearing is requested by a parent.

- 1) In reviewing a decision with respect to the manifestation determination, the hearing officer shall determine whether the LEA has demonstrated that the student's behavior was not a manifestation of the student's disability consistent with the requirements of Bulletin 1706 §519.H.5.
- 2) In reviewing a decision under §519.B.2 of these regulations to place a student in an interim alternative educational setting, the hearing officer shall apply the standards in §519.D of Bulletin 1706.

The student's placement during appeal shall follow prescribed guidelines.

- 1) If the parents request a hearing regarding a disciplinary action to challenge the interim alternative educational setting or the manifestation determination, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until expiration of the time period provided for in Bulletin 1706 §519.B.2 or §519.D.1.a-d, whichever occurs first, unless the parent and the state or LEA agree otherwise.
- 2) If a student is placed in an interim alternative educational setting pursuant to Bulletin 1706 §519B.2 and §519.D.1.a-d and school personnel propose to change the student's placement after expiration of the interim alternative placement, during the pending of any proceeding to challenge the proposed change in placement, the student shall remain in the current placement (student's placement prior to the interim alternative educational setting), except as provided in section 3 below.
- 3) The LEA may request an expedited due process hearing if school personnel maintain that it is dangerous for the student to be in the current placement (placement prior to removal to the interim alternative education setting) during the pendency of the due process proceedings.
 - A) In determining whether the student may be placed in the alternative educational setting or in another appropriate placement ordered by the hearing officer, the hearing officer shall apply the standards in §519.D.1.a-d of Bulletin 1706
 - B) A placement ordered pursuant to 3.A above may not be longer than 45 days.
 - C) The procedures above may be repeated as necessary.

A student who has not been determined to be eligible for special education and related services under this part and who has engaged in behavior that violated any rule or code of conduct of the LEA, may assert any of the protections provided for in this section if the LEA had knowledge (as determined in accordance with paragraph (2) below) that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred.

- 1) An LEA shall be deemed to have knowledge that a student is a student with a disability if:
 - A) the parent of the student has expressed concern in writing (or orally if the parent does not know how to write or has a disability that prevents a written statement) to personnel of the LEA that the student is in need of special education and related services;

- B) the behavior or performance of the student demonstrates the need for these services, in accordance with the definition of a student with a disability;
 - C) the parent of the student has requested an evaluation of the student; or
 - D) the teacher of the student or other personnel of the LEA has expressed concern about the behavior or performance of the student to the LEA or to other personnel in accordance with the LEA's established child find or special education referral system.
- 2) An LEA would not be deemed to have knowledge, if as a result of receiving the information specified above, the LEA either:
- A) conducted an evaluation and determined that the student was not a student with a disability; or
 - B) determined that an evaluation was not necessary and provided notice to the student's parents of its determination.
- 3) Certain conditions apply if there is no basis of knowledge.
- A) If an LEA does not have knowledge that a student is a student with a disability, prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as measures applied to students without disabilities who engaged in comparable behaviors.
 - B) If a request is made for an evaluation of a student during the time period in which the student is subjected to disciplinary measures, the evaluation shall be conducted in less than 60 business days without exception or extensions.
- 4) Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.
- 5) If the student is determined to be a student with a disability, taking into consideration information from the evaluation conducted by the LEA and information provided by the parents, the LEA shall provide special education and related services in accordance with the provisions of Bulletin 1706.

Expedited due process hearings shall follow the procedures prescribed below.

- 1) The hearing shall meet the requirements of §507.A of Bulletin 1706.
- 2) The hearing shall be conducted by a due process hearing officer that meets the criteria established in §508 of Bulletin 1706.
- 3) The hearing shall result in a written decision that shall be mailed to the parties within 20 business days of the LEA's receipt of the request for the hearing, without exceptions or extensions.
- 4) The hearing shall have time lines that are the same for hearings requested by the parents or the LEA.
- 5) The hearing shall be conducted according to guidelines established in §508 of Bulletin 1706, where appropriate, except for the timelines at §508.C.4., and according to guidelines established by the Department of Education.
- 6) The decisions on expedited due process hearings are appealable consistent with the procedures established at §512 of Bulletin 1706.

Nothing in this part prohibits an LEA from reporting a crime committed by a student with a disability to appropriate authorities or to prevent state law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and state law to crimes committed by a student with a disability.

- 1) An LEA reporting a crime committed by a student with a disability shall ensure that copies of the special education and disciplinary records of the student are transmitted for consideration by the appropriate authorities to whom it reports the crime.
- 2) An LEA reporting a crime under this section may transmit copies of the student's special education and disciplinary records only to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act.

LIMITED ENGLISH PROFICIENCY

JCFA recognizes that the inability to speak and understand the English language limits the student's effective participation in educational programs. Students whose primary languages are languages other than English shall be provided special assistance, in conformity with applicable Federal and State statutes and regulations.

Parents shall be notified of their children's eligibility for the limited English proficiency program no later than thirty (30) days after the student's entrance into JCFA.

Written communications to parents shall be in a uniform format that is comprehensible to families and in a language the parents can understand.

EMERGENCY PROCEDURES

It is the policy of the JCFA that upon registration and periodically throughout a student's enrollment, the school will secure information necessary to complete the Emergency Contact Card. It is the responsibility of the student and/or the parent/legal guardian to notify the school if changes occur. Falsification of information on the Emergency Card by a student may result in disciplinary action.

It is the policy of the JCFA to act in a responsible manner in the event of any emergency, accident, and/or incident.

HURRICANE EVACUATION OR OTHER NATURAL DISASTER

In case of an evacuation of the city, area, or region, stay tuned to WWL-TV (Channel 4), including their associated websites and radio stations, for information on JCFA. Also, review our website www.JeffersonChamberFoundationAcademy.org for updated information.

EMERGENCY PROCEDURES

At times during the school year it may be necessary to dismiss students early for various emergencies which sometimes occur. Any decision regarding the early dismissal or emergency closing of schools will be made by the Chief Academic Officer or his/her designee in cooperation with the Executive Director or his/her designee.

In the event of emergency closing of schools or early dismissal of students in schools, announcements will be made to the news media regarding this decision. Specifically, radio station WWL-870 AM has been selected as the official station to carry announcements from JCFA regarding school closings.

In the event of a crisis at school (a fire, a tornado, individual with a weapon, chemical leak, etc), parents must be aware of the following:

- Parents should NOT ATTEMPT TO RUSH TO THE SCHOOL since multiple vehicles may block the access of emergency vehicles and personnel. Depending on the emergency, you may also be driving into a dangerous situation. Students may be evacuated or locked down, so you need to wait for directions on where to go.
- Parents will be contacted according to the most updated information provided to the school
- Emergency information will be provided to WWL-TV and WWL-Radio
- A gathering site for parents/guardians will be announced as soon as a safe site is determined
- Strict release procedures will be enforced. Every person picking up a student under the age of 18 MUST show a photo ID of any sort and will sign a release form prior to the student being released.

PROCEDURES FOR HANDLING EMERGENCY CARE OF STUDENTS

In the event of an injury, or serious illness, which necessitates immediate removal of a student to a hospital for emergency treatment, the following procedures may be implemented:

- Every attempt shall be made to contact the parent/legal guardian or other person(s) listed on the Emergency Card
- An ambulance is to be called by contacting the appropriate police agency at 911. It is the policy of the ambulance company to transport the patient to the nearest hospital for emergency treatment. Ambulance drivers shall be requested to indicate to which hospital they will deliver the student.
- If the school is unable to reach the parent/legal guardian listed on the Emergency Card and an ambulance has been called, an adult staff/faculty member carrying a

copy of the student's Emergency Card shall be dispatched immediately to the destination of the ambulance. In the meantime, efforts shall continue to reach the student's parent/legal guardian listed on the Emergency Card.

- The ambulance service fee is payable through student or family insurance where applicable. In cases where insurances are not effective, the parent/legal guardian of the patient will be billed by the ambulance service provider.

EVACUATION OF BUILDINGS

Procedures for quick and orderly evacuation of school buildings have been established by each school and shall be posted in classrooms and other rooms.

Students are to familiarize themselves with these procedures for evacuation and to obey instructions of faculty and staff in all situations.

Because the orderly and rapid evacuation of buildings in an emergency is a serious and urgent necessity, student misbehavior during evacuations may result in disciplinary action.

FIRE ALARMS, DISCHARGE OF FIRE EXTINGUISHERS

The setting off of a fire alarm in a school at any time is a serious act which interrupts the instructional program and could result in student injury.

Students guilty of setting off a fire alarm may be subject to disciplinary action and possible removal from school. The discharging of a fire extinguisher by a student, except in the case of a fire, is also an act which has serious consequences and could result in appropriate disciplinary action.

FIRE DRILLS/BOMB THREATS

Fire drills are held on each campus. When the signal is given, students will leave the classroom in a quiet and orderly manner. When evacuating the classroom students are to:

- Form a single line.
- Leave books behind. (Girls, however, should take their purses.)
- Proceed as a class to the designated area.
- Remain with the teacher throughout the drill.
- When the ALL CLEAR signal is given, students will return to their classrooms with their teachers to await further instructions.

Under no circumstances are students to yell, run, or create general disorder during a fire drill.

Students shall follow the same procedure during a bomb threat.

SUICIDE (THREATS OR ATTEMPTS)

Any suicide threat or gesture shall be reported to the office and a Suicide Referral Form shall be completed and given to the CAO or his/her designee. The CAO or his/her designee will refer the student to the appropriate mental health professional who will conduct an investigation. Those conducting this investigation shall be trained/experienced in suicide assessment. As part of this investigation, the mental health professional or designee will gather as much information as possible from parents/guardians and others who know the student's condition and threat.

The following information is essential to collect:

- Exact dates and times of any written or verbal material discussing a threat of suicide or self harm
- Does the student have a plan to harm self, intent to harm self, or means to harm self
- Identify all triggers precipitating these events, including social circumstances, conflict between student and peers, teachers or family members, current grudges, mental health and substance use history and recent losses

If no further action is necessary, the CAO or his/her designee shall complete/sign the Suicide Referral Form.

If the mental health professional and/or CAO or his/her designee determine that the threat was serious and that the student is at risk for suicide, action is taken and the mental health professional will complete the suicide referral and will contact Jefferson Parish Mobile Crisis Team (504-832-5123).

As in any case of emergency where a student's safety and well being are concerned, the mental health professional and CAO or his/her designee will contact the parent/legal guardian, convey information regarding the severity of the student's condition and inquire about ongoing mental health treatment. If the student is under the care of a mental health professional, the parent/legal guardian will contact the mental health professional and arrange for an emergency assessment. If the student is not under the care of a mental health professional, the parent/guardian will come to the school and will contact Jefferson Parish Mobile Crisis Team (504-832-5123) and request an emergency evaluation.

The school will forward all copies to the crisis team or the child's mental health professional.

If the mental health evaluation results in hospitalization, the parent/guardian shall inform the school within 24 hours. Upon release from the hospital, the parent/guardian will provide documentation to the school of the student's mental health. If the student received a mental health evaluation and was not admitted to a hospital, the parent/guardian will provide documentation of the evaluation and will provide any necessary recommendations to avoid a future crisis.

COOPERATIVE ENDEAVOR/LAW ENFORCEMENT

It is the policy of JCFA to provide a safe school environment for students and employees. Therefore, there exists a cooperative endeavor among these agencies: law enforcement, juvenile justice, the district attorney, parish administration, human services authority, and JCFA. The goal of the cooperative endeavor is to keep the schools in the parish safe from drugs, weapons, and criminal acts of personal violence.

As soon as a criminal act perpetrated by a student is detected, the appropriate law enforcement agency shall be called. The responding deputy or police officer will come to the school, arrest the student if the investigation warrants, and secure the evidence. Initial notification of the parent/legal guardian of the student's arrest will be made by a school official. The school official will instruct the parent/legal guardian that the student has been arrested and taken to the appropriate detention center. The student will not be released from detention until a hearing on the matter is held before a judge in the appropriate court.

COUNSELING & GUIDANCE

It is the policy of JCFA that a planned comprehensive guidance and counseling program that is preventative and developmental in nature shall be provided in the school through an interdisciplinary approach. Individual and group guidance services shall be provided to students at all levels. Immediate assistance shall be provided for students who experience problems and long range services shall be made available when necessary. These services shall include, but are not limited to, providing educational information, career/occupational information, personal/social information and services, referral services, orientation, testing, placement, and follow-up.

CHILDREN ON CAMPUS

JCFA is designed to provide an environment conducive to academic activities performed by students and employees. The presence of children is often a disruptive factor, not just because a child can be active, but because even inadvertently, attention is centered on the child rather than on the teaching and learning process. For reasons that include safety of children, and assuring efficient performance of academic pursuits, operations, and services, JCFA cannot accommodate unsupervised children on campus. The CAO or his/her designee has the discretion to make exceptions. In these cases, (a) the child in question must be the child of a student, (b) the child's parent must sign a waiver of liability agreement, and (c) the child must remain with the student-parent and shall not to be unsupervised in any locations on campus.

DELIVERIES

Deliveries of flowers, balloons, gifts, etc. will not be accepted in the school office or the classroom. No food will be delivered to school unless approved by the office.

WORK PERMITS

It is the policy of JCFA and the Department of Labor to require minors between the ages of fourteen (14) and seventeen (17) to obtain permits prior to becoming employed.

To obtain a work permit:

- 1) A student should obtain a work permit application from JCFA to be completed by the employer, the student, and the student's parent/guardian. A work permit application may also be obtain from the employer
- 2) Students should submit the completed work permit application to the Attendance & Office Manager at JCFA.
- 2) JCFA will file the work permit application. Once filed, the work permit will be delivered to JCFA for the student's signature.

Students should allow one week for the process to be completed.

HOMELESS STUDENTS

JCFA shall provide a free appropriate public education to any homeless child or youth within the jurisdiction of the enrolling school. For the purpose of this policy, the term *homeless* includes an

individual who lacks a fixed, regular, or adequate residence; or has a primary nighttime residence in a shelter, an institution providing temporary residence for individuals intended to be institutionalized, or a public or private place not designated for, or ordinarily used as, a regular sleeping accommodation for human beings. The term does not include any individual imprisoned or adjudicated.

Homeless students requesting enrollment will be placed in school immediately, even if required registration documents are unavailable. School documents needed should be requested after the student has been enrolled. There will be no barriers to homeless children and youth entering school.

In addition to the above, JCFA shall:

- Maintain and have immediately available, any records ordinarily kept by the school of each homeless child or youth (immunization records, academic records, birth certificates, guardianship records, evaluations for special services or programs, etc.).

FAMILY EDUCATION RIGHTS & PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Such students are heretofore referred to as "eligible student."

RECORDS RELEASE TO PARENTS (CUSTODIAL & NON-CUSTODIAL) AND LEGAL GUARDIANS

In accordance with FERPA, it is the policy of JCFA not to deny access to student educational records to any parent/legal guardian of a child unless it is stated in the court ruling granting custody that the non-custodial parent is not to have access to the child's educational records. In such cases, a copy of the papers should be on file at the school and the instructions of the court followed.

RECORDS RELEASE

Educational institutions shall not release educational records or personally identifiable information without the written consent of the parent/legal guardian or eligible student except to the individual school's authorized professional staff, and to other schools or school systems in which the student seeks or intends to enroll.

DIRECTORY INFORMATION

The term "directory information" means information contained in a student's education records that would not generally be considered harmful or an invasion of privacy if disclosed. The term includes, but is not limited to the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, grade level, enrollment status, participation in officially recognized sports and activities, weight and height of members of athletic teams, dates of attendance, degrees, honors and awards received, and the most recent previous educational agency or institution the student attended.

Any parent/legal guardian or eligible student wishing directory information to be withheld must sign a Directory Information Not to Be Released Form and submit it to the school for each student's information to be withheld.

EDUCATIONAL RECORDS: ACCESS/HEARING PROCEDURES

Educational records as defined by law are those records which are directly related to a student and are maintained by an educational agency or institution. Upon request, a parent/legal guardian or eligible student may inspect/review the student's educational records. Prior to the educational records being shown, the parent/legal guardian or eligible student must sign a release form. If the records contain information on more than one student, the reviewer may only inspect specific information about the one student.

The parent/legal guardian or eligible student has a right to a copy of the student's educational records within a reasonable period of time and there may be a charge for copies.

The parent/legal guardian or eligible student may ask the school system to amend the student's educational records that contain information that is inaccurate, misleading, or in violation of the student's right to privacy. The request to amend the educational records must be made in writing and specify the changes to be made. The right to challenge the educational records is not a grade grievance mechanism and there is no right to a hearing for a grade dispute. Within a reasonable amount of time after receiving the request to amend the educational records, the CAO or his/her designee will decide whether to amend the educational records and will notify the parent/legal guardian or eligible student in writing of the decision.

If the decision is to not amend the educational records, a written notice will be sent informing the parent/legal guardian or eligible student of his/her right to a hearing. The parent/legal guardian or eligible student requesting a hearing may apply to the Executive Director and complete a Request for Hearing to Amend Records Form. The parent/legal guardian or eligible student will be notified in writing of the date, time, and location of the hearing. The written notification will also state the rights of the parent/ legal guardian or eligible student to present evidence and be represented by an individual of their own choice, including an attorney paid for at their own

expense. The results of the hearing will determine if the information is false or not false and the records will or will not be amended. If the decision is not to amend the educational records, the written decision will inform the parent/legal guardian or eligible student of their right to place a statement in the records commenting on the contested information or a statement why the parent/legal guardian or eligible student disagrees with the decision not to amend the records.

FIELD TRIPS AND OFF-CAMPUS ACTIVITIES

Field trips are a valuable part of the school curriculum and arrangement for such trips are made by instructors, faculty, staff, or administration well in advance.

The procedure for field trips and off-campus activities shall be as follows:

- 1) The school employee planning the activity must complete the Field Trip Request Form, and submit it to the CAO
- 2) Upon approval of the request, the school employee planning the activity must distribute a Field Trip Permission Form to each eligible student with the necessary information completed. Parents will be notified of the date, time, destination, and cost and will receive a permission slip to sign and return to school by a specified date. If the field trip permission slip is not signed and returned to the school employee in charge of the event, the student will not be allowed to attend the field trip. Students ages 18 years and older may complete the Field Trip Permission Form themselves; however, contact must still be made with the parent/guardian to inform them of the activity.
- 3) On the day of the activity, the school employee planning the event must provide the Attendance & Office Manager, the CAO, and all instructors with a list of students participating in the activity.

In the event the student has paid the fee to attend a field trip and for some reason cannot attend, money can be refunded only if the school has not yet paid for the cost of the activity.

Parents who serve as chaperones on field trips are responsible to the school employee in charge of the event.

If, while attending a field trip, a student displays unacceptable behavior, he/she may not be allowed to attend future field trips for which he/she would otherwise be eligible to participate.
